CONNECTION

Event Structure :

- Maximum of 2-4 participants per team.
- Duration (2hr)

GENERAL RULES:

- Participants face timed challenges at each round.
- Each round builds on the previous
- Negative marking is active: Incorrect guesses will result in point deductions

Round 1 : The Debug Log (Clue Decoding)

Objective:

Decode abstract symbols and snippets to identify specific technical terms.

Format:

- Type : Visual puzzles using emojis and icons.
Code snippet analysis.
- Scoring:
 - Correct clue decoded: +5 points
 - *Detailed explanation bonus: +3 points
 - *Incorrect guess: -2 points

Round 2 : The Link Layer

Objective:

Analyze multiple clues and identify the single hidden connection that links them together, testing participants' pattern recognition and conceptual understanding.

Format:

- Visual and textual clue sets (images, emojis, symbols, short code snippets, keywords)
- Each set contains 4–6 clues connected by one underlying technical theme
- Teams must identify the common link and justify their reasoning

Round 3 : The Core Connection

Objective :

Uncover a deeper, meta-level connection by combining multiple clue sets and applying reverse and abstract thinking to arrive at a final unified concept.

Format :

- Multi-stage connection puzzles with layered clues
- Each mini-set reveals a keyword or hint
- All keywords together form the final master connection to be identified by the team
